This will include training on the model, work adapting it to your campus, strategic implementation and governance issues. The April 4, 2011 DCL requires training for all of these groups, even more so since the 1P, 1P Model is a new and paradigm shifting approach. The training gives us an opportunity to get folks up to speed on the changes, empower stakeholder buy-in, and smooth the path to implementation.
- AND
- One (1) year of off-site consulting time (10 hours) via email/phone with a partner of The NCHERM Group
