

The Office on Violence Against Women (OVW) currently administers 24 grant programs authorized by the Violence Against Women Act of 1994 and subsequent legislation. These grant programs are designed to develop the nation's capacity to reduce domestic violence, dating violence, sexual assault, and stalking by strengthening services to victims and holding offenders accountable.

FORMULA GRANT PROGRAMS

OVW administers four formula grant programs and distributes funds according to the enacting legislation.

- STOP Violence Against Women Formula Grant Program
- Sexual Assault Services Formula Grant Program
- State and Territorial Sexual Assault and Domestic Violence Coalitions Program
- Grants to Tribal Domestic Violence and Sexual Assault Coalitions Program

STOP Violence Against Women Formula Grant Program, awarded to states and territories, enhances the capacity of local communities to develop and strengthen effective law enforcement and prosecution strategies to combat violent crimes against women and to develop and strengthen victim services in cases involving violent crimes against women. Each state and territory must allocate 25 percent for law enforcement, 25 percent for prosecutors, 30 percent for victim services (of which at least 10 percent must be distributed to culturally specific community-based organizations), 5 percent to state and local courts, and 15 percent for discretionary distribution.

Sexual Assault Services Formula Grant Program is the first federal funding stream solely dedicated to the provision of direct intervention and related assistance for victims of sexual assault. The SASP Formula Grant Program directs grant dollars to states and territories to assist them in supporting rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs that provide services, direct intervention, and related assistance to victims of sexual assault. Funds provided through SASP are designed to supplement other funding sources directed at addressing sexual assault on the state and territorial level.

State and Territorial Sexual Assault and Domestic Violence Coalitions Program provides grants to each state domestic violence coalition (determined by the Department of Health and Human Services) and sexual assault coalition (determined by the Centers for Disease Control and Prevention) for the purposes of coordinating victim services activities and collaborating and coordinating with federal, state, and local entities engaged in addressing violence against women. Statewide sexual assault coalitions provide direct support to member rape crisis centers through funding, training and technical assistance, public awareness activities, and public policy advocacy. Statewide domestic violence coalitions provide comparable support to member battered women's shelters and other domestic violence victim service providers.

Grants to Tribal Domestic Violence and Sexual Assault Coalitions Program supports the development and operation of nonprofit, nongovernmental tribal domestic violence and sexual assault coalitions. Tribal coalitions provide education, support, and technical assistance to member Indian service providers and tribes to enhance their response to victims of domestic violence, dating violence, sexual assault, and stalking. Eligible applicants must meet the statutory definition of a "tribal coalition."
